Questions

1. Outline any concerns with the Acquisition's impact on competition, including:

- Noting that La Caisse is a security holder in Transgrid, could Transgrid delay or disadvantage some new connections in favour of streamlined connections for La Caisse's own generation or storage assets?
- Could Transgrid, as the transmission network operator in NSW, cause strategic outages to benefit specific generation or storage assets in NSW (such as those to be developed by La Caisse after the acquisition)?
- Could Transgrid make transmission investment and maintenance decisions to favour specific generation or storage assets?

2. Provide any additional information or comments that you consider relevant to the ACCC's assessment of the Acquisition.

3. Provide a brief description of your business or organisation, including any commercial relationships with La Caisse, Edify NSW, Edify Energy or Transgrid.
