Notification Waiver Determination

National Dental Care – business assets comprising the Dentists of Tasmania clinic, Sorell, TAS

Acquisition	NDC HoldCo Pty Ltd (together with its subsidiaries, **National Dental Care**), through its wholly-owned subsidiary, NDC Australia Pty Limited, applied for a notification waiver in respect of its proposed acquisition of 100% of the business assets comprising a dental clinic in Tasmania, Dentists of Tasmania, as described in the transaction documents provided as part of the application (the **Acquisition**).
Determination	The Australian Competition and Consumer Commission has determined under section 51ABV(1)(a) of the *Competition and Consumer Act 2010* (Cth) that the Acquisition is not required to be notified.
Date of determination	23 October 2026

Parties to the Acquisition	The acquirer, National Dental Care, is a dental services organisation that operates a network of dental clinics that provide a range of general dentistry services. National Dental Care has dental clinics in all Australian states and territories, including in Tasmania. National Dental Care is majority owned by funds managed by Crescent Capital Partners, an Australian private equity firm. The target, Dentists of Tasmania, is a dental clinic located in Sorell, Tasmania, that provides a range of general dentistry services.
Explanation for determination	In making this notification waiver determination, the Australian Competition and Consumer Commission (the **ACCC**) has considered the information provided with the notification waiver application and certain publicly available information and had regard to the factors in section 51ABV(2)(b) of the *Competition and Consumer Act 2010* (Cth) (the **Act**). Based on the information currently before it, the ACCC considers that the Acquisition is unlikely to give rise any material lessening of competition given: a. there is no horizontal overlap between National Dental Care and Dentists of Tasmania in the supply of dental services in Sorrell and surrounding areas b. there are alternative suppliers of general dentistry services in the local area surrounding Dentists of Tasmania. In these circumstances, the ACCC does not consider it necessary to reach a concluded view on the likelihood of the notification thresholds being met.

	Given that material competition concerns are unlikely to arise, the ACCC has determined that the Acquisition is not required to be notified. The ACCC considers that the determination is consistent with the object of the Act and the interests of consumers in promoting competition. For more information about the ACCC's approach to considering notification waiver applications and to assessing competition effects more generally, see the ACCC's guidance on notification waivers and merger assessment guidelines.

Determination made by Commissioner Williams pursuant to a delegation under section 25(1) of the Act
