

Partnered Health – Ryan Plaza Medical Services

MN-15027

Phase 1 Determination

Acquisition may be put into effect

8 August 2026

1. Determination and statement of reasons

Notified acquisition	Partnered Health Medical Centres Pty Ltd (Partnered Health)’s proposed acquisition of Ryan Plaza Medical Services Pty Ltd (Ryan Plaza) (together, the Parties) (the Acquisition).
Determination	The Australian Competition and Consumer Commission has determined under section 51ABZE(1) of the <i>Competition and Consumer Act 2010</i> (Cth) that the Acquisition may be put into effect.
Parties to the Acquisition	The acquirer, Partnered Health, is part of the Partnered Health Group and an indirectly wholly-owned subsidiary of Partnered Health Pty Ltd (PHPL). PHPL is part of a larger group of companies which are majority owned by Quadrant Private Equity (QPE) through Quadrant Private Equity No. 6 (QPE Fund 6). Partnered Health together with other PHPL subsidiaries (PH Primary Care Group) provide primary care services through 67 general practice clinics and medical centres across Australia, engaging approximately 570 general practitioners. The PH Primary Care Group also operates skin cancer clinics, allied health providers (physiotherapy and dietetics) and TeleWell, a 24/7 telehealth platform. The target, Ryan Plaza, operates a single medical centre called “Medicine on Second” at Maroochydore, Queensland. Ryan Plaza provides primary care services through 11 general practitioners.
Overlap between the parties	The parties overlap in the supply of primary care (general medical) services in the Maroochydore region, Queensland.
Reasons for determination	When making a determination in Phase 1, the Australian Competition and Consumer Commission (ACCC) undertakes a competition assessment and considers whether it is appropriate for an acquisition to be approved or subject to further assessment in Phase 2 in accordance with section 51ABZJ of the <i>Competition and Consumer Act 2010</i> (Cth) (the Act). In doing so, the ACCC must have regard to the object of the Act and all relevant matters, including the interests of consumers. For more information about the ACCC’s approach to considering notified acquisitions, see the ACCC’s merger assessment guidelines and interim merger process guidelines. In conducting its competition assessment, the ACCC has considered the information and documents that were submitted with the notification form and publicly available information. The ACCC has determined that the Acquisition may be put into effect as it considers that the Acquisition is unlikely to have the effect of substantially lessening competition in any market. In reaching its decision, and based on the material before it, the ACCC makes the following findings. • The market share aggregation arising from the Acquisition appears low. • The Parties would likely continue to face competition from alternative suppliers of primary care (general medical) services

	in the Maroochydore region, Queensland.
Applications for review	A notifying party, or other person who has been allowed to do so by the Australian Competition Tribunal, may apply for review if they are dissatisfied with the determination. Pursuant to section 100C of the Act, applications for review of the determination are to be made to the Australian Competition Tribunal before the end of 14 calendar days after this statement of reasons was included on the ACCC's Acquisitions Register. To confirm whether there has been any application for review, please contact the Australian Competition Tribunal.

**Determination made by Commissioner Williams pursuant to a delegation under section 25(1)
of the Act**
