

Precision Poultry – VOAG chicken farming operations

MN-35019

Phase 1 Determination

Acquisition may be put into effect

24 June 2026

1. Determination and statement of reasons

Notified acquisition	Precision Poultry Pty Ltd (Precision Poultry)’s proposed acquisition of the broiler chicken farming operations of VOAG Pty Ltd and its related entities (together, VOAG) (the Acquisition). Pursuant to the Acquisition, Precision Poultry proposes to acquire: • broiler chicken farming business assets from VOAG Pty Ltd, and • the freehold land on which the farming assets are operated from subsidiaries of VOAG 6 Pty Ltd, the head landholder entity of the vendor, being VOAG 1 Pty Ltd, VOAG 2 Pty Ltd, VOAG 3 Pty Ltd, VOAG 4 Pty Ltd and VOAG 5 Pty Ltd.
Determination	The Australian Competition and Consumer Commission has determined under section 51ABZE(1) of the <i>Competition and Consumer Act 2010</i> (Cth) that the Acquisition may be put into effect.
Parties to the Acquisition	The acquirer, Precision Poultry, has been established as an investment vehicle by private equity firm Roc Partners to provide agribusiness investment returns to Roc Partners-controlled or managed entities. Precision Poultry’s broiler chicken farming operations are located in Victoria. The target is the broiler chicken farm operations of VOAG, located in Tabbita, approximately 33 kms north-west of Griffith in New South Wales. It supplies broiler chicken growing services to Baiada Poultry’s chicken meat processing facility near Griffith.
Overlap	Precision Poultry and VOAG (the Parties) overlap in the supply of broiler chicken growing services in Australia.
Reasons for determination	Broilers are chickens grown for the purpose of chicken meat consumption. Broiler chicken growing services involve rearing day-old chicks into processing-ready broiler chickens under long-term grower contracts. When making a determination in Phase 1, the Australian Competition and Consumer Commission (ACCC) undertakes a competition assessment and considers whether it is appropriate for an acquisition to be approved or subject to further assessment in Phase 2 in accordance with section 51ABZJ of the <i>Competition and Consumer Act 2010</i> (Cth) (the Act). In doing so, the ACCC must have regard to the object of the Act and all relevant matters, including the interests of consumers. For more information about the ACCC’s approach to considering notified acquisitions, see the ACCC’s merger assessment guidelines and interim merger process guidelines. In conducting its competition assessment, the ACCC has considered the information and documents that were submitted with the notification form, information from third parties and publicly available information, including the ACCC’s <i>Perishable Goods Inquiry report 2020</i>. The ACCC has determined that the Acquisition may be put into effect as it considers that the Acquisition is unlikely to have the effect of substantially lessening competition in any market. In

	reaching its decision, and based on the material before it, the ACCC found that Precision Poultry and VOAG do not compete closely in the supply of broiler chicken growing services due to a lack of regional overlap in the parties' operations.
Applications for review	A notifying party, or other person who has been allowed to do so by the Australian Competition Tribunal, may apply for review if they are dissatisfied with the determination. Pursuant to section 100C of the Act, applications for review of the determination are to be made to the Australian Competition Tribunal before the end of 14 calendar days after this statement of reasons was included on the ACCC's Acquisitions Register. To confirm whether there has been any application for review, please contact the Australian Competition Tribunal.

**Determination made by Commissioner Williams pursuant to a delegation under section 25(1)
of the Act**
