

Notification Waiver Determination

Brookfield – World Freight Company

Acquisition	Brookfield Corporation (BN, and together with funds managed and/or advised by BN and/or its affiliates, Brookfield), through Windrose France Holdings SAS (Windrose France) and related entities, proposes to acquire 100% of the outstanding shares in GB WFC France SAS and certain related interests from Glacis Acquisition S.à r.l., as described in the transaction documents provided as part of the application (the Acquisition). Windrose France and Windrose Holdings III (DIFC) Limited applied for a notification waiver in respect of the Acquisition.
Determination	The Australian Competition and Consumer Commission has determined under section 51ABV(1)(a) of the <i>Competition and Consumer Act 2010</i> (Cth) that the Acquisition is not required to be notified.
Date of determination	26 June 2026

Parties to the Acquisition	The acquirer, BN, is a global investment firm that deploys pools of discretionary capital globally for investors across its core businesses, including its asset management business and its operating businesses focused mainly on renewable power and transition, infrastructure, private equity, and real estate. The target, GB WFC France SAS (together with its subsidiaries, WFC) (a French simplified joint stock company), is the holding company of the World Freight Company group, that acts as multi-brand air cargo and freight General Sales Agent, General Sales and Service Agent and provides outsourced air cargo management services to airlines.
Explanation for determination	In making this notification waiver determination, the Australian Competition and Consumer Commission (the ACCC) has considered the information provided with the notification waiver application and had regard to the factors in section 51ABV(2)(b) of the <i>Competition and Consumer Act 2010</i> (Cth) (the Act). Based on the information provided in the application, the ACCC considers that the Acquisition is unlikely to give rise to any material lessening of competition. In particular, there is no overlap between Brookfield, its portfolio companies and WFC in the supply of air cargo sales and management services in Australia. The ACCC has also had regard to the likelihood that, if the Acquisition were put into effect, the notification thresholds determined under section 51ABP(1) of the Act would apply. While the ACCC considers that the notification thresholds are likely to be met, given that material competition concerns are unlikely to
