

Magellan Financial Group – Barrenjoey

MN-95007

Phase 1 Determination

Acquisition may be put into effect

11 June 2026

1. Determination and statement of reasons

Notified acquisition	Magellan Financial Group Ltd (MFG) proposes to acquire the remaining shares in Barrenjoey Capital Partners Group Holdings Pty Limited (Barrenjoey) that it does not already own, in return for equity in MFG (the Acquisition).
Determination	The Australian Competition and Consumer Commission has determined under section 51ABZE(1) of the <i>Competition and Consumer Act 2010</i> (Cth) that the Acquisition may be put into effect.
Parties to the Acquisition	The acquirer, MFG, is an Australian financial services group, operating across select global markets, which focuses on investment management and specialist financial services. Its partnerships include Barrenjoey, Vinva Investment Management and FinClear Holdings. The target, Barrenjoey, is an Australian-headquartered financial services firm, primarily focused on offering mergers and acquisitions advisory services, debt and equity capital markets services, equities and fixed income trading and research services. Barrenjoey was established in 2020 with initial funding and support provided by MFG and Barclays PLC.
Overlap between the parties	MFG and Barrenjoey overlap in relation to the supply of asset management services in Australia.
Reasons for determination	When making a determination in Phase 1, the Australian Competition and Consumer Commission (ACCC) undertakes a competition assessment and considers whether it is appropriate for an acquisition to be approved or subject to further assessment in Phase 2 in accordance with section 51ABZJ of the <i>Competition and Consumer Act 2010</i> (Cth) (the Act). In doing so, the ACCC must have regard to the object of the Act and all relevant matters, including the interests of consumers. For more information about the ACCC's approach to considering notified acquisitions, see the ACCC's merger assessment guidelines and interim merger process guidelines. In conducting its competition assessment, the ACCC has considered the information and documents that were submitted with the notification form, information from third parties, and publicly available information. The ACCC has determined that the Acquisition may be put into effect as it considers that the Acquisition is unlikely to have the effect of substantially lessening competition in any market. In reaching its decision, and based on the material before it, the ACCC makes the following findings. • The Parties do not compete closely in the supply of asset management services in Australia as they focus on different asset classes and client types. • The market share aggregation in the supply of asset management services in Australia resulting from the Acquisition is estimated to be low. • The Parties would likely continue to face competition from

	alternative suppliers of asset management services in Australia.
Applications for review	A notifying party, or other person who has been allowed to do so by the Australian Competition Tribunal, may apply for review if they are dissatisfied with the determination. Pursuant to section 100C of the Act, applications for review of the determination are to be made to the Australian Competition Tribunal before the end of 14 calendar days after this statement of reasons was included on the ACCC's Acquisitions Register. To confirm whether there has been any application for review, please contact the Australian Competition Tribunal.

**Determination made by Commissioner Williams pursuant to a delegation under section 25(1)
of the Act**
