

Notification Waiver Determination

Impression Dental Group - Blackburn Dental Centre, VIC

Acquisition	General Dental Holdings Pty Ltd trading as Impression Dental Group (IDG) applied for a notification waiver in respect of its proposed acquisition of 100% of the assets of the dental practice known as Blackburn Clinic Dental Centre (Blackburn Dental Centre), as described in the transaction documents provided as part of the application (the Acquisition).
Determination	The Australian Competition and Consumer Commission has determined under section 51ABV(1)(a) of the <i>Competition and Consumer Act 2010</i> (Cth) that the Acquisition is not required to be notified.
Date of determination	11 September 2026

Parties to the Acquisition	The acquirer, Impression Dental Group, is an Australian-based dental support organisation that provides centralised services including recruitment, payroll, marketing, IT, finance, and operations, to enable dental practitioners to focus on providing dental services. IDG currently owns and supports 35 independently branded dental practices in Australia which provide dental services to the public. The target, Blackburn Dental Centre, is owned by dentists Dr Andrea Manley and Dr Konstantina Liosis, both personally and through a combination of corporate entities and corporate trusts and supplies general dental services from its clinic located at 7/195 Whitehorse Road, Blackburn, in the eastern suburbs of Melbourne, Victoria. Impression Dental Group is controlled by Genesis Capital (Genesis), an Australian-based private equity firm that invests in businesses operating in the healthcare sector. Genesis' investments also include Pacific Smiles Group which sets up new dental centres from which dentists run their practice and provides operational support. Pacific Smiles Group has over 120 dental centres across Australia, including 3 in neighbouring suburbs to Blackburn (Doncaster East, Ringwood and Glen Waverley).
Explanation for determination	In making this notification waiver determination, the Australian Competition and Consumer Commission (the ACCC) has considered the information provided with the notification waiver application and had regard to the factors in section 51ABV(2)(b) of the <i>Competition and Consumer Act 2010</i> (Cth) (the Act). Based on the information provided in the application, the ACCC considers that the Acquisition is unlikely to give rise to any material lessening of competition given: the parties' combined share in the supply of general dental services to customers in the local area surrounding

	Blackburn Dental Centre is low and the increase in share of supply arising from the Acquisition would be small b. there are numerous alternative suppliers of general dental services to customers in the local area surrounding Blackburn Dental Centre. In these circumstances, the ACCC does not consider it necessary to reach a concluded view on the likelihood of the notification thresholds being met. Given that material competition concerns are unlikely to arise, the ACCC has determined that the Acquisition is not required to be notified. The ACCC considers that the determination is consistent with the object of the Act and the interests of consumers in promoting competition. For more information about the ACCC's approach to considering notification waiver applications and to assessing competition effects more generally, see the ACCC's guidance on notification waivers and merger assessment guidelines.
