

Notification Waiver Determination

Tinicum and Blackstone led consortium – Senior

Acquisition	BMA IX LLC is a wholly owned subsidiary of Blackstone, Inc. (together with its subsidiaries, Blackstone). Zeus UK Bidco Limited (Zeus) proposes to acquire 100% of the shares in Senior plc (Senior), by way of a Court approved scheme of arrangement under Part 26 of the UK <i>Companies Act 2006</i>, as described in the transaction documents provided as part of the application (the Acquisition). Zeus is indirectly jointly controlled by funds managed and/or advised by Tinicum Incorporated (Tinicum) and by funds advised and/or managed by affiliates of Blackstone. Following the Acquisition, Tinicum and Blackstone will have a controlling interest in Senior. The Acquisition will also provide Blackstone joint control together with Tinicum over AeroFlow Technologies, L.L.C. (AeroFlow). The application for a notification waiver in respect of the Acquisition was jointly made by: • Zeus • Tinicum • BMA IX LLC.
Determination	The Australian Competition and Consumer Commission has determined under section 51ABV(1)(a) of the <i>Competition and Consumer Act 2010</i> (Cth) that the Acquisition is not required to be notified.
Date of determination	1 June 2026

Parties to the Acquisition	Tinicum is a US-based private investment firm, focused on investing in both private and public companies across sectors including engineered products, industrial distribution and services, industrial software and technology, and specialty infrastructure. Tinicum has an existing ~2.36% interest in Senior. Funds managed and/or advised by Tinicum also control PennAero and AeroFlow, which are active in the aerospace fluid conveyance sector. As a preparatory step to the Acquisition, AeroFlow will be transferred to Zeus as a capital contribution for the Acquisition through an intra-group reorganisation. Blackstone is a US-based investment management firm. The Acquisition also includes a non-controlling minority co-investment from Cliffwater. Cliffwater is an independent alternative

	investment advisor and fund manager. Its investment in Zeus is a passive investment with no control rights. The target, Senior, is a UK publicly listed company that designs and manufactures high-technology components and systems for principal original equipment manufacturers in the worldwide aerospace and defence, land vehicle, power and energy, and industrials industries.
Explanation for determination	In making this notification waiver determination, the Australian Competition and Consumer Commission (the ACCC) has considered the information provided with the notification waiver application and had regard to the factors in section 51ABV(2)(b) of the <i>Competition and Consumer Act 2010</i> (Cth) (the Act). Based on the information, the ACCC considers that the Acquisition is unlikely to give rise to any material lessening of competition. In particular: a. there is no horizontal overlap and limited vertical relationships between the parties in Australia b. there is a low risk of foreclosure or other concerning vertical or conglomerate effects resulting from exclusionary conduct, bundling or tying of aerospace components post-acquisition c. AeroFlow and Senior have a small presence in Australia. In these circumstances, the ACCC does not consider it necessary to reach a concluded view on the likelihood of the notification thresholds being met. Given that material competition concerns are unlikely to arise, the ACCC has determined that the Acquisition is not required to be notified. The ACCC considers that the determination is consistent with the object of the Act and the interests of consumers in promoting competition. For more information about the ACCC's approach to considering notification waiver applications and to assessing competition effects more generally, see the ACCC's interim guidance on notification waivers and merger assessment guidelines.

Determination made by Commissioner Williams pursuant to a delegation under section 25(1) of the Act
