Notification Waiver Determination

Monarch Alternative Capital & General Atlantic - Loparex

Acquisition	Monarch Alternative Capital LP (**Monarch**) and General Atlantic (**GA**) applied for a notification waiver in respect of their proposed acquisition of joint control over an entity to be established that will at closing own directly or indirectly all of the issued and outstanding equity interests in the entities comprising the Loparex operating group (**Loparex**) as described in the transaction documents provided as part of the application (the **Acquisition**).
Determination	The Australian Competition and Consumer Commission has determined under section 51ABV(1)(a) of the *Competition and Consumer Act 2010* (Cth) that the Acquisition is not required to be notified.
Date of determination	12 October 2026

Parties to the Acquisition	Monarch is a global credit and real estate investment firm with approximately $US17 billion in assets under management, with offices in New York, Florida and London. GA is a leading global growth investor which manages approximately $US129.9 billion in assets under management. Loparex is a manufacturer and provider of release liner and technical film headquartered in the USA.
Explanation for determination	In making this notification waiver determination, the Australian Competition and Consumer Commission (the **ACCC**) has considered the information provided with the notification waiver application and had regard to the factors in section 51ABV(2)(b) of the *Competition and Consumer Act 2010* (Cth) (the **Act**). Based on the information provided in the application the ACCC considers that the Acquisition is unlikely to give rise to any material lessening of competition given there is no horizontal overlap or vertical relationship between Monarch or GA and Loparex in Australia. In these circumstances, the ACCC does not consider it necessary to reach a concluded view on the likelihood of the notification thresholds being met. Given that material competition concerns are unlikely to arise, the ACCC has determined that the Acquisition is not required to be notified. The ACCC considers that the determination is consistent with the object of the Act and the interests of consumers in promoting competition.
