

Complete Air Supply – All Air

MN-15018

Phase 1 Determination

Acquisition may be put into effect

9 July 2026

1. Determination and statement of reasons

Notified acquisition	Complete Air Supply Pty Ltd's (Complete Air Supply) proposed acquisition of 100% of the All Air Duct & Fittings Pty Ltd (All Air) business and assets (the Acquisition).
Determination	The Australian Competition and Consumer Commission has determined under section 51ABZE(1) of the <i>Competition and Consumer Act 2010</i> (Cth) that the Acquisition may be put into effect.
Parties to the Acquisition	The acquirer, Complete Air Supply, supplies Heating, Ventilation, and Air Conditioning (HVAC) units, and manufactures and supplies HVAC ductware and fittings, to installers for domestic residence installs or commercial air conditioning projects. Complete Air Supply has four branches and operates primarily in Southeast Queensland and Northern New South Wales. Complete Air Supply is a member of the Beijer Group, which operates throughout Australia in the refrigeration and HVAC industry. The Beijer Group supplies equipment and parts to the refrigeration and HVAC industry. The target, All Air, manufactures and supplies HVAC ductware and fittings to installers for residential and commercial purposes. All Air has two branches and operates only in Southeast Queensland.
Overlap between the parties	Complete Air Supply and All Air (together, the Parties) both supply of HVAC ductware and fittings products in the South-East Queensland region. HVAC ductware and fittings include flexible ducting, sheet metal fittings, cushion boxes, grilles, diffusers, copper, zoning and accessories used by installers. All Air supplies the same types of HVAC ductware and fittings products as those supplied by the Complete Air Supply but does not supply HVAC units. The Parties both operate from branches on the Sunshine Coast in Queensland, with Complete Air Supply located in Bells Creek and All Air located in Warana. In addition to the Parties' branches on the Sunshine Coast, Complete Air Supply operates branches located in Burleigh on the Gold Coast and Rockhampton in Queensland, and Tweed Heads South in New South Wales. All Air also operates a branch in Geebung, in the Greater Brisbane area.
Reasons for determination	When making a determination in Phase 1, the Australian Competition and Consumer Commission (ACCC) undertakes a competition assessment and considers whether it is appropriate for an acquisition to be approved or subject to further assessment in Phase 2 in accordance with section 51ABZJ of the <i>Competition and Consumer Act 2010</i> (Cth) (the Act). In doing so, the ACCC must have regard to the object of the Act and all relevant matters, including the interests of consumers. For more information about the ACCC's approach to considering notified acquisitions, see the ACCC's merger assessment guidelines and interim merger process guidelines.

	In conducting its competition assessment, the ACCC has considered the information and documents that were submitted with the notification form and information from third parties. The ACCC has determined that the Acquisition may be put into effect as it considers that the Acquisition is unlikely to have the effect of substantially lessening competition in any market. In reaching its decision, and based on the material before it, the ACCC makes the following findings. • The market share aggregation resulting from the Acquisition is estimated to be low in the relevant markets. • Post-Acquisition, the merged entity would continue to face competition from multiple alternative suppliers of HVAC ductware and fittings across south-east Queensland.
Applications for review	A notifying party, or other person who has been allowed to do so by the Australian Competition Tribunal, may apply for review if they are dissatisfied with the determination. Pursuant to section 100C of the Act, applications for review of the determination are to be made to the Australian Competition Tribunal before the end of 14 calendar days after this statement of reasons was included on the ACCC's Acquisitions Register. To confirm whether there has been any application for review, please contact the Australian Competition Tribunal.
