

Estia Health – AnglicareSA residential aged care business

MN-55029

Phase 1 Determination

Acquisition may be put into effect

18 August 2026

1. Determination and statement of reasons

Notified acquisition	Estia Investments Pty Ltd (Estia)’s proposed acquisition of substantially all the business assets of six residential aged care homes from Anglicare SA Ltd (AnglicareSA): • AnglicareSA Grange • AnglicareSA Trott Park • AnglicareSA Elizabeth East • AnglicareSA Brompton • AnglicareSA Elizabeth – Dutton Court, and • AnglicareSA Westbourne Park (the Acquisition).
Determination	The Australian Competition and Consumer Commission has determined under section 51ABZE(1) of the <i>Competition and Consumer Act 2010</i> (Cth) that the Acquisition may be put into effect.
Parties to the Acquisition	The acquirer, Estia, is a registered provider of residential care services. Estia and its wholly owned subsidiaries currently operate over 90 residential aged care homes across Victoria, New South Wales, Queensland, and South Australia. Estia is currently majority owned by Bain Capital Private Equity. However, on 22 July 2026, the ACCC determined under section 51ABZE(1) that the acquisition of Estia by a Stonepeak-led consortium may be put into effect, see ACCC determination. AnglicareSA is an independent not-for-profit organisation and a registered provider of care services. It operates six residential aged care homes in Adelaide (being the homes Estia Health proposes to acquire). AnglicareSA also provides other services to the community, including community aged care, NDIS services, foster care, mental health, financial counselling, community housing and support for vulnerable individuals. AnglicareSA intends to continue providing these other services following the Acquisition.
Overlap between the Parties	Estia and AnglicareSA (together, the Parties) overlap in the supply of residential aged care homes in certain areas within, and in the outer suburbs of, metropolitan Adelaide.
Reasons for determination	When making a determination in Phase 1, the Australian Competition and Consumer Commission (ACCC) undertakes a competition assessment and considers whether it is appropriate for an acquisition to be approved or subject to further assessment in Phase 2 in accordance with section 51ABZJ of the <i>Competition and Consumer Act 2010</i> (Cth) (the Act). In doing so, the ACCC must have regard to the object of the Act and all relevant matters, including the interests of consumers. For more information about the ACCC’s approach to considering notified acquisitions, see the ACCC’s merger assessment guidelines and interim merger process guidelines. In conducting its competition assessment, the ACCC has considered the information and documents that were submitted with the

	notification form, information from third parties, and publicly available information. The ACCC has determined that the Acquisition may be put into effect as it considers that the Acquisition is unlikely to have the effect of substantially lessening competition in any market. In reaching its decision, and based on the material before it, the ACCC makes the following findings. • The aggregation arising from the Acquisition, and taking into account previous acquisitions by Estia within the same local area as the AnglicareSA facilities in the last three years, is not significant at a local or regional level (nor at the national level). • Estia would likely continue to face competition from alternative suppliers of residential aged care facilities in the local areas surrounding each of the AnglicareSA facilities. This includes competition from alternative residential aged care facilities located close to each of the AnglicareSA facilities, which the ACCC considered to be close competitors to the AnglicareSA facilities.
Applications for review	A notifying party, or other person who has been allowed to do so by the Australian Competition Tribunal, may apply for review if they are dissatisfied with the determination. Pursuant to section 100C of the Act, applications for review of the determination are to be made to the Australian Competition Tribunal before the end of 14 calendar days after this statement of reasons was included on the ACCC's Acquisitions Register. To confirm whether there has been any application for review, please contact the Australian Competition Tribunal.

Determination made by a division of the Commission constituted by a direction issued pursuant to section 19 of the Act
