

Stonepeak led consortium – Estia Health

MN-50026

Phase 1 Determination

Acquisition may be put into effect

22 July 2026

1. Determination and statement of reasons

Notified acquisition	A consortium comprising investment funds advised and/or managed by affiliates of Stonepeak Partners LP (together with its affiliates, Stonepeak), and a fund managed by Aight Capital Limited (Aight), propose to acquire 100% of the issued share capital of Estia Health Holdings Ltd (Estia) (the Acquisition).
Determination	The Australian Competition and Consumer Commission has determined under section 51ABZE(1) of the <i>Competition and Consumer Act 2010</i> (Cth) that the Acquisition may be put into effect.
Parties to the Acquisition	Stonepeak is a global alternative investment firm specialising in infrastructure and real assets. Stonepeak has an interest in Aura Holdings, a retirement village developer and operator in Queensland. Estia is the ultimate holding company of the Estia corporate group, which operates residential aged care homes in Australia. Estia operates 94 homes nationally, with operations in Queensland, New South Wales, Victoria and South Australia. Estia is currently majority owned by Bain Capital Private Equity. Aight is an Abu Dhabi-based investment fund manager established by Lunate, an Abu Dhabi asset management firm. Aight operates as Lunate's dedicated Asia-Pacific investment platform. Aight and Lunate do not hold any interests in any residential aged care business in Australia
Overlap between the parties	There is no overlap in Australia between Estia's activities and the activities of either Stonepeak and its connected entities, or Aight and its connected entities.
Reasons for determination	When making a determination in Phase 1, the Australian Competition and Consumer Commission (ACCC) undertakes a competition assessment and considers whether it is appropriate for an acquisition to be approved or subject to further assessment in Phase 2 in accordance with section 51ABZJ of the <i>Competition and Consumer Act 2010</i> (Cth) (the Act). In doing so, the ACCC must have regard to the object of the Act and all relevant matters, including the interests of consumers. For more information about the ACCC's approach to considering notified acquisitions, see the ACCC's merger assessment guidelines and interim merger process guidelines. In conducting its competition assessment, the ACCC has considered the information and documents that were submitted with the notification form and The ACCC has determined that the Acquisition may be put into effect as it considers that the Acquisition is unlikely to have the effect of substantially lessening competition in any market. In reaching its decision, and based on the material before it, the ACCC makes the following findings. • The services provided by Aura Holdings (retirement villages), in which Stonepeak has an interest and Estia (aged care) are separate product markets. • There are no relevant competitive overlaps between Estia and

	either of Stonepeak or Axight (or their connected entities).
Applications for review	A notifying party, or other person who has been allowed to do so by the Australian Competition Tribunal, may apply for review if they are dissatisfied with the determination. Pursuant to section 100C of the Act, applications for review of the determination are to be made to the Australian Competition Tribunal before the end of 14 calendar days after this statement of reasons was included on the ACCC's Acquisitions Register. To confirm whether there has been any application for review, please contact the Australian Competition Tribunal.

**Determination made by Commissioner Williams pursuant to a delegation under section 25(1)
of the Act**
