

CSR – Complete Plaster

MN-10018

Phase 1 Determination

Acquisition may be put into effect

7 July 2026

1. Determination and statement of reasons

Notified acquisition	CSR Building Products Limited's (CSR) proposed acquisition of Complete Plaster & Reo Pty Ltd (Complete Plaster) (together, the Parties) (the Acquisition).
Determination	The Australian Competition and Consumer Commission has determined under section 51ABZE(1) of the <i>Competition and Consumer Act 2010</i> (Cth) that the Acquisition may be put into effect.
Parties to the Acquisition	The acquirer, CSR, manufactures and supplies a range of light building products including plasterboard, cornice, compounds, adhesives and accessories for residential, commercial and DIY projects under the CSR Gyprock brand. CSR also supplies fibre cement products through its Cemintel brand. CSR distributes these products using both direct and indirect channels. It has no direct distribution channels in Port Macquarie (NSW) or surrounding areas. CSR is owned by French company, Saint-Gobain. The target, Complete Plaster, is a plasterboard supply business located in Port Macquarie. It distributes plasterboard, fibre cement, accessories, and tools in the Port Macquarie region and surrounding areas. The products distributed by Complete Plaster are almost entirely manufactured by CSR, with only tools being third party products.
Relationship between the parties	Complete Plaster distributes CSR-manufactured plasterboard and fibre cement in Port Macquarie and surrounding areas.
Reasons for determination	When making a determination in Phase 1, the Australian Competition and Consumer Commission (ACCC) undertakes a competition assessment and considers whether it is appropriate for an acquisition to be approved or subject to further assessment in Phase 2 in accordance with section 51ABZJ of the <i>Competition and Consumer Act 2010</i> (Cth) (the Act). In doing so, the ACCC must have regard to the object of the Act and all relevant matters, including the interests of consumers. For more information about the ACCC's approach to considering notified acquisitions, see the ACCC's merger assessment guidelines and interim merger process guidelines. In conducting its competition assessment, the ACCC has considered the information and documents that were submitted with the notification form, information from third parties, and publicly available information. The ACCC has determined that the Acquisition may be put into effect as it considers that the Acquisition is unlikely to have the effect of substantially lessening competition in any market. In reaching its decision, and based on the material before it, the ACCC makes the following findings. • There is no horizontal overlap between CSR and Complete Plaster. • CSR would be unlikely to have the ability or incentive to foreclose third party distributors' access to its plasterboard and fibre cement products given the presence of alternative suppliers of

	these products in the Port Macquarie and mid-north coast regions of NSW.
Applications for review	A notifying party, or other person who has been allowed to do so by the Australian Competition Tribunal, may apply for review if they are dissatisfied with the determination. Pursuant to section 100C of the Act, applications for review of the determination are to be made to the Australian Competition Tribunal before the end of 14 calendar days after this statement of reasons was included on the ACCC's Acquisitions Register. To confirm whether there has been any application for review, please contact the Australian Competition Tribunal.

**Determination made by Commissioner Williams pursuant to a delegation under section 25(1)
of the Act**
