

Notification Waiver Determination

Impression Dental Group – Kingston Beach Dental, TAS

Acquisition	General Dental Holdings Pty Ltd, trading as Impression Dental Group (IDG), applied for a notification waiver in respect of its proposed acquisition of 100% of the assets of the dental practice known as Kingston Beach Dental, as described in the transaction documents provided as part of the application (the Acquisition).
Determination	The Australian Competition and Consumer Commission has determined under section 51ABV(1)(a) of the <i>Competition and Consumer Act 2010</i> (Cth) that the Acquisition is not required to be notified.
Date of determination	3 August 2026

Parties to the Acquisition	The acquirer, IDG, is an Australian-based dental support organisation that provides centralised services including recruitment, payroll, marketing, IT, finance, and operations, to enable dental practitioners to focus on providing dental services. IDG currently owns and supports 23 independently branded dental practices in Australia which provide dental services to the public. IDG does not have any dental practices in Tasmania. IDG is controlled by Genesis Capital (Genesis), an Australian-based private equity firm that invests in businesses operating in the healthcare sector. Genesis Capital's investments also include Pacific Smiles Group (PSG) which sets up new dental centres from which dentists run their practice and provides operational support. PSG has over 120 dental centres across Australia, but has no clinics in Tasmania. PSG's dental centres are typically located inside shopping centres and operate under the Pacific Smiles Dental and nib Dental Care brands on the East Coast. The target, Kingston Beach Dental, is owned by Dr Martyn Sweet and Felicity Sweet through Kingston Beach Dental Professionals Pty Ltd and supplies general dental services from its clinic in Kingston, a town on the southern outskirts of Hobart, TAS.
Explanation for determination	In making this notification waiver determination, the Australian Competition and Consumer Commission (the ACCC) has considered the information provided with the notification waiver application and had regard to the factors in section 51ABV(2)(b) of the <i>Competition and Consumer Act 2010</i> (Cth) (the Act). Based on the information currently before it, the ACCC considers that the Acquisition is unlikely to give rise to any material lessening of competition. There is no horizontal overlap between IDG (including its connected entities such as PSG) and Kingston Beach Dental in

	the supply of dental services in the local area surrounding Kingston Beach Dental, nor in Tasmania. In these circumstances, the ACCC does not consider it necessary to reach a concluded view on the likelihood of the notification thresholds being met. Given that material competition concerns are unlikely to arise, the ACCC has determined that the Acquisition is not required to be notified. The ACCC considers that the determination is consistent with the object of the Act and the interests of consumers in promoting competition. For more information about the ACCC's approach to considering notification waiver applications and to assessing competition effects more generally, see the ACCC's interim guidance on notification waivers and merger assessment guidelines.
