

Notification Waiver Determination

Herron Todd White – Mitchell Brandtman

Acquisition	Herron Todd White (One) Pty Ltd (HTW One) applied for a notification waiver in respect of its proposed acquisition of 100% of the share capital in Mitchell Brandtman Pty Ltd (Mitchell Brandtman), as described in the transaction documents provided as part of the application (the Acquisition).
Determination	The Australian Competition and Consumer Commission has determined under section 51ABV(1)(a) of the <i>Competition and Consumer Act 2010</i> (Cth) that the Acquisition is not required to be notified.
Date of determination	2 October 2026

Parties to the Acquisition	The acquirer, HTW One, is wholly owned by Herron Todd White (Holdings) Pty Ltd (HTW Holdings). HTW Holdings and its direct and indirect subsidiaries (collectively, HTW) provide property valuation and related property advisory services throughout Australia. HTW's core service offering comprises residential, commercial and agribusiness property valuation services, supplied principally to Australian authorised deposit-taking institutions such as the major banks and other financial institutions, as well as to government agencies, property developers, legal practitioners and private clients. HTW Group is majority-owned by funds managed by QPE No. 7 Management Pty Ltd, an entity within the Quadrant Private Equity (QPE) group. Mitchell Brandtman provides quantity surveying and related services for construction purposes – including construction cost planning, construction financier quantity surveying, infrastructure cost, and related construction cost advisory services – primarily to developers, financiers, contractors, lawyers, property investors, architects and government bodies.
Explanation for determination	In making this notification waiver determination, the Australian Competition and Consumer Commission (the ACCC) has considered the information provided with the notification waiver application and had regard to the factors in section 51ABV(2)(b) of the <i>Competition and Consumer Act 2010</i> (Cth) (the Act). Based on the information provided in the application, the ACCC considers that the Acquisition is unlikely to give rise to any material lessening of competition given: there is no horizontal overlap or vertical relationship between HTW and Mitchell Brandtman in Australia

	b. there are alternative suppliers of both property valuation and advisory services and quantity surveying services in Australia c. there is a low risk of foreclosure or other concerning conglomerate effects resulting from exclusionary conduct, bundling or tying of products and services post-acquisition. In these circumstances, the ACCC does not consider it necessary to reach a concluded view on the likelihood of the notification thresholds being met. Given that material competition concerns are unlikely to arise, the ACCC has determined that the Acquisition is not required to be notified. The ACCC considers that the determination is consistent with the object of the Act and the interests of consumers in promoting competition. For more information about the ACCC's approach to considering notification waiver applications and to assessing competition effects more generally, see the ACCC's guidance on notification waivers and merger assessment guidelines.
