

Notification Waiver Determination

One Equity Partners – Myriad360

Acquisition	Metronome Bidco, LLC, a newly formed entity which is ultimately controlled by funds managed and/or advised by One Equity Partners IX, L.P. (One Equity Partners), applied for a notification waiver in respect of its proposed acquisition of 100% of the shares in Myriad360, LLC (Myriad360), as described in the transaction documents provided as part of the application (the Acquisition).
Determination	The Australian Competition and Consumer Commission has determined under section 51ABV(1)(a) of the <i>Competition and Consumer Act 2010</i> (Cth) that the Acquisition is not required to be notified.
Date of determination	29 September 2026

Parties to the Acquisition	One Equity Partners is a US-based middle market private equity firm that invests in businesses across the industrial, healthcare, and technology sectors, primarily in North America and Europe. One Equity Partners controls a portfolio of companies globally, some of which are active in aspects of the information technology (IT) sector, including software development, IT consulting and reselling, and managed IT services. Approximately 51% of the shareholdings in Metronome Bidco, LLC will be indirectly owned by funds managed and/or advised by One Equity Partners. The existing shareholders (which primarily consist of management) will roll over to hold a minority non-controlling interest in the business. The target, Myriad360, is a US-based IT services and consulting firm that helps enterprises design, implement, and manage technology environments. In providing these services, it is a vendor-agnostic global reseller of networking and cybersecurity infrastructure to enterprise customers. Its activities include the supply of data centre infrastructure and networking solutions, cybersecurity, cloud services, artificial intelligence, and IT infrastructure and hardware procurement.
Explanation for determination	In making this notification waiver determination, the Australian Competition and Consumer Commission (the ACCC) has considered the information provided with the notification waiver application, and had regard to the factors in section 51ABV(2)(b) of the <i>Competition and Consumer Act 2010</i> (Cth) (the Act). Based on the information currently before it, the ACCC considers that the Acquisition is unlikely to give rise to any material lessening of competition given:

	a. there is limited horizontal overlap between certain controlled portfolio companies of One Equity Partners and Myriad360 in the supply of managed IT services in Australia b. the parties' combined share of supply of managed IT services in Australia is estimated to be low and the increment arising from the Acquisition is expected to be small c. there are alternative providers of managed IT services available to customers in Australia. In these circumstances, the ACCC does not consider it necessary to reach a concluded view on the likelihood of the notification thresholds being met. Given that material competition concerns are unlikely to arise, the ACCC has determined that the Acquisition is not required to be notified. The ACCC considers that the determination is consistent with the object of the Act and the interests of consumers in promoting competition. For more information about the ACCC's approach to considering notification waiver applications and to assessing competition effects more generally, see the ACCC's guidance on notification waivers and merger assessment guidelines.
